

Item description/product images

Description

Material:
Aluminium.

Version:
Bright.

Note:

Traverse with two bores for easy and secure clamping and fastening of guide shafts.
For the assembly of prefabricated table units with our Quadro linear housing units 21550 or 21555.

This version permits the axial motion of the linear bearing unit i.e. the shafts are mounted fixed with the traverses on the machine bed.

Accessory:

Precision guide shafts 21595.
Fastening screws 07160 or 07161.

Drawing reference:

1) centring hole
