SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier		
Product name	:	UNIMOLY GL 82
Article-No.	:	020104
1.2 Relevant identified uses of th	ne s	substance or mixture and uses advised against
Use of the Substance/Mixture	:	Grease
Recommended restrictions on use	:	Restricted to professional users.
1.3 Details of the supplier of the	saf	ety data sheet
Company	:	Klüber Lubrication München GmbH & Co. KG Geisenhausenerstr. 7 81379 München Deutschland Tel.: +49 (0) 89 7876 0 Fax: +49 (0) 89 7876 333 info@klueber.com
E-mail address of person responsible for the SDS	:	mcm@klueber.com
National contact	:	Klüber Lubrication Deutschland GmbH & Co. KG Geisenhausenerstraße 7 81379 München Deutschland Tel.: +49 (0) 89 7876 0 Fax: +49 (0) 89 7876 565 customer.service.de@klueber.com
1.4 Emergency telephone number	ər	

1.4 Emergency telephone number

Emergency telephone	:	+49 89 7876 700 (24 hrs)
number		

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Eye irritation, Category 2

H319: Causes serious eye irritation.

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878 - DE

Version 4.2	Revision Date: 20.06.2024			ue: 15.02.2023 ue: 22.05.2018	Print Date: 20.06.2024

			Response P305 + P3	51 + P338 IF IN EYES: water for several lenses, if present	Rinse cautiously with minutes. Remove contact t and easy to do. Continue
			P337 + P3	rinsing. 13 If eye irritation pe attention.	ersists: Get medical advice/

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006, as amended by

SECTION 4: First aid measures

4.1 Description of first aid measures

If inhaled	 Obtain medical attention. Remove person to fresh air. If signs/symptoms continue, get medical attention. Keep patient warm and at rest. If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. If breathing is irregular or stopped, administer artificial respiration.
In case of skin contact	 Take off all contaminated clothing immediately. Get medical attention immediately if irritation develops and persists. Wash clothing before reuse. Thoroughly clean shoes before reuse. Wash off immediately with plenty of water.
In case of eye contact	: Rinse immediately with plenty of water, also under the eyelids, for at least 10 minutes. Seek medical advice.
If swallowed	 Move the victim to fresh air. If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. Do not induce vomiting without medical advice. Obtain medical attention.

SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878 - DE

Version 4.2	Revision Date: 20.06.2024		e of last issue: 15.02.2023 e of first issue: 22.05.2018	Print Date: 20.06.2024
			Never give anything by mouth to a	an unconscious person.
4.2 Most i	important symptoms a	nd e	effects, both acute and delayed	
Symp	otoms	:	No symptoms known or expected	
Risks	3	:	None known.	
4.3 Indica	tion of any immediate	me	lical attention and special treatm	ent needed
Treat	ment	:	Treat symptomatically.	
SECTION	N 5: Firefighting mea	sur	es	
5.1 Exting	guishing media			
Suita	ble extinguishing media	:	Use water spray, alcohol-resistan carbon dioxide.	t foam, dry chemical or
Unsu media	itable extinguishing a	:	High volume water jet	
5.2 Specia	al hazards arising fron	n the	substance or mixture	
-	rdous combustion	:		

5.3 Advice for firefighters

Special protective equipment for firefighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. Exposure to decomposition products may be a hazard to health.
Further information	:	Standard procedure for chemical fires. Collect contaminated fire extinguishing water separately. This must not be discharged into drains.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures			
Ensure a Do not br	personnel to safe areas. dequate ventilation. eathe vapours, aerosols. protective measures listed in sections 7 and 8.		

SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006, as am

II INTERNATION

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878 - DE

UNIMOLY GL 82

Version	Revision Date:	Date of last issue: 15.02.2023	Print Date:
4.2	20.06.2024	Date of first issue: 22.05.2018	20.06.2024

6.2 Environmental precautions

Environmental precautions

Do not allow contact with soil, surface or ground water. If the product contaminates rivers and lakes or drains inform respective authorities.

6.3 Methods and material for containment and cleaning up

:

Methods for cleaning up

: Pick up and transfer to properly labelled containers.

6.4 Reference to other sections

For personal protection see section 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Advice on safe handling :	Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Wash hands and face before breaks and immediately after handling the product. Do not get in eyes or mouth or on skin. Do not get on skin or clothing. Do not ingest. Do not repack. These safety instructions also apply to empty packaging which may still contain product residues. Keep container closed when not in use.
Hygiene measures :	Wash face, hands and any exposed skin thoroughly after handling.
7.2 Conditions for safe storage, incl	uding any incompatibilities
Requirements for storage : areas and containers	Store in original container. Keep container closed when not in use. Keep in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Store in accordance with the particular national regulations. Keep in properly labelled containers.
Storage class (TRGS 510) :	11, Combustible Solids
7.3 Specific end use(s)	

Specific use(s) : Specific instructions for handling, not required.

		Soil	36739 mg/kg

8.2 Exposure controls

Engineering measures

Handle only in a place equipped with local exhaust (or other appropriate exhaust).

Personal protective equipment Eye/face protection Safety glasses : Hand protection Material Nitrile rubber : Break through time > 10 min : Protective index : Class 1 Remarks Wear protective gloves. The break through time depends : amongst other things on the material, the thickness and the type of glove and therefore has to be measured for each case. The selected protective gloves have to satisfy the specifications of Regulation (EU) 2016/425 and the standard EN 374 derived from it.

Skin and body protection	:	Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place.
Respiratory protection	:	Not required; except in case of aerosol formation.
Filter type	:	Filter type P
Protective measures	:	The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

12.7 Other adverse effects

Product:

Additional ecological information	: Harmful to aquatic life with long lasting effects.

SECTION 13: Disposal considerations

13.1 Waste treatment methods	
Product	 The product should not be allowed to enter drains, water courses or the soil. Do not dispose of with domestic refuse. Dispose of as hazardous waste in compliance with local and national regulations.
	Waste codes should be assigned by the user based on the application for which the product was used.
Contaminated packaging	 Packaging that is not properly emptied must be disposed of as the unused product. Dispose of waste product or used containers according to local regulations.
	The following Waste Codes are only suggestions:
Waste Code	 used product, unused product 12 01 12**, spent waxes and fats
	uncleaned packagings 15 01 10*, packaging containing residues of or contaminated by hazardous substances

amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
