

Item description/product images

Description

Note:

Controls to operate lifting columns 85300.

Up to two drives can be connected to the controls. The controls can be operated by a hand switch with LCD display 85300-15-01. Two controls can be connected together with connection cable 85300-10-91X1000 so that four lifting columns can be driven synchronously.

On request:

Power supply cable (Swiss version).

Power supply cable (UK version).

Power supply cable (Japanese version).

Power supply cable (USA version).

Accessory:

Connection cable 85300-10-91X1000

Power supply cable 85300-10-92X1800

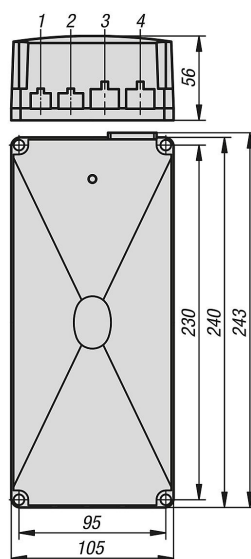

Hand switch with LCD display 85300-15-1

Hand switch drawer 85300-15-91

Drawing reference:
