

Item description/product images

**Description****Material:**

Grip and housing die-cast zinc.

Version:

Grip and housing powder-coated black or silver.

Note:

When the grip is actuated, hatches, lids, covers or doors are opened remotely and invisibly via a Bowden cable.

The lockable releases are each supplied with 2 keys. The key can be removed in both positions (open and closed). The locks have a single key system, i.e. each lock can be opened with the same key.

The Bowden cable and fastening screws are not supplied.

Application:

The remote actuation is used where tight spaces make actuation difficult or where remote actuation is required for ergonomic or safety reasons.

Assembly:

Form A: From the rear using self-tapping M3 screws.

Form B: From the front.

Advantages:

Actuation possible in inaccessible assembly spaces.

Ergonomically optimised actuating position possible.

Actuation possible even when safety distances are required.

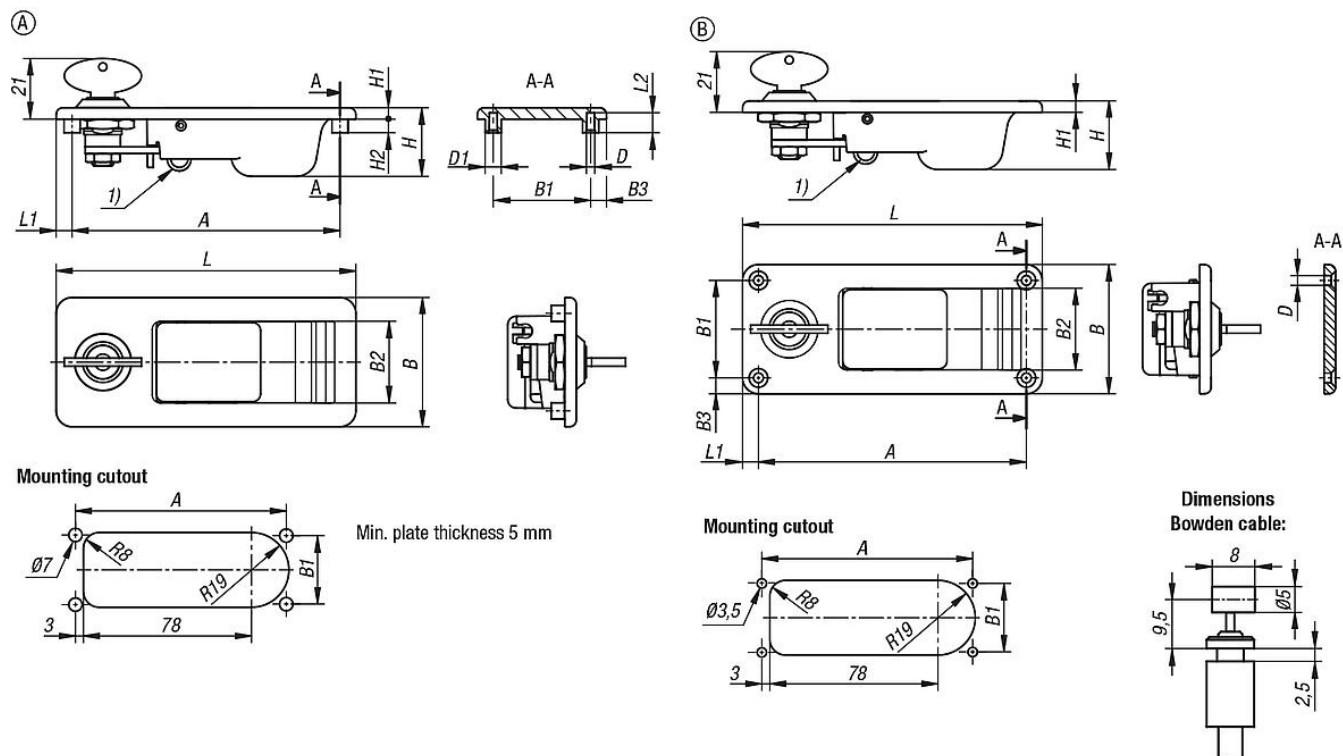

Accessory:

Bowden cable 05596-01

Drawing reference:

1) Bowden cable link
