

Item description/product images

## **Description**

#### **Product description:**

These slanted pull handles are particularly suitable for mounting in places where space is limited.

The grips are very stable and can also be used where robust handling and corrosion resistance are required.

#### **Material:**

\$s14308orstainlesssteelprecisioncasting316L.

#### **Version:**

Bright.

#### Note:

Due to the manufacturing process, the grips may show surface irregularities.

#### **Application:**

Where space is limited in machine and plant construction, toolmaking or the foodstuff and pharmaceutical industries.

### Assembly:

From the rear.

#### **Advantages:**

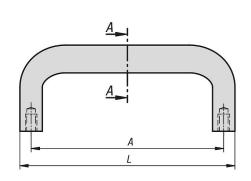

Good access where space is limited.

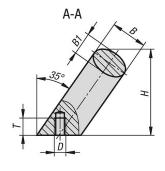

Very stable and robust.

Corrosion resistant.

Retaining element for opening and closing covers, panels and hoods.
