#### tem description/product images

# Description

## Material:

Carriage body zink. Plastic bearing material iglidur® J. Rail anodised aluminium.

### Version:

Body chromed. Guide rail natural colour anodised.

#### Note:

Flat slide guides are maintenance-free and corrosion resistant. Very high speeds and accelerations are possible due to the low weight. Applicable temperature max. 80  $^\circ\text{C}.$ 

Miniature slide guides are insensitive to dust and are ideal for dry running.

\*\* length L2 = 30 mm and \* L = 1000 mm included L2 and L only available in full mm.
