

Item description/product images

Description

Material:

Tool steel.

Version:

Hardened and ground.

Note:

Rest pads, Form A, serve as supports for workpieces and fixtures. Locating pins, Form B, serve to position workpieces and fixture parts in holes with locating dimensions.

The flattened Form C can be used to bridge tolerances in hole spacing or to secure the part to be positioned in one direction only.

Form A and B can also be used as hardened stop and as foot for fixtures.

For similar bolts, see 03120, 03130, 03140 and 03150.

Drawing reference:

Form A: Rest pad

Form B: Cylindrical locating pin

Form C: Flattened locating pin

For other dimensions see Form A.
