

Item description/product images

**Description****Material:**

Steel or stainless steel 1.4301.

Version:

Steel powder coated.

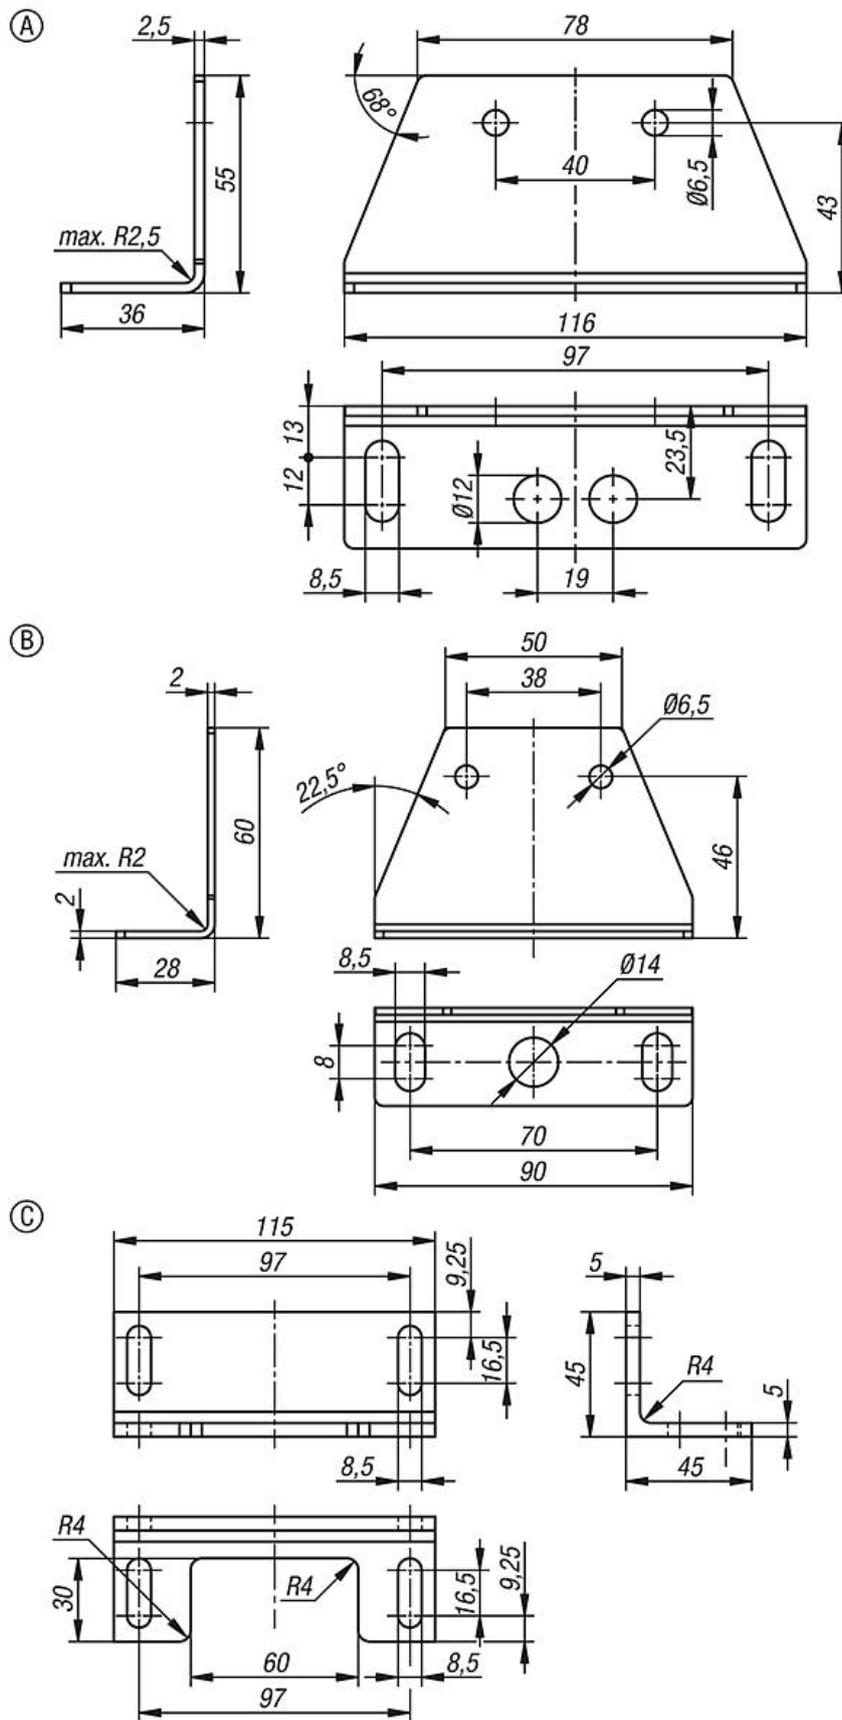

Stainless steel bright.

Note:

Angle bracket for easy mounting of the chain tensioner. It offers additional flexibility for alignment and adjustment. The slotted holes enable easy readjustment when the usual tensioning range is exceeded. Misalignments can be compensated for by lateral adjustment.

Item number 22281-90-20000 is supplied with stainless steel fastening material (M6x40 cap screws, nuts and washers).
