

Supplier Declaration on Chemicals Regulation (EC) No. 1907/2006 (REACH)

Dear Sir or Madam,

the company norelem Normelemente GmbH & Co. KG is an EU-based manufacturer and supplier of quality standard parts and delivers worldwide, mainly to machine and fixture construction industries.

We hereby declare that we are aware of the relevant obligations of the EU Chemicals Regulation (EC) No. 1907/2006.

To the best of our knowledge, the standard products* supplied by norelem Normelemente GmbH & Co. KG contain only substances and compounds which are registered in accordance with REACH, which fulfil the requirements of appendix XIV for authorisation and comply with the application-related restrictions of appendix XVII.

As of 21.01.2025, the list of substances which are eligible for authorisation as Substances of Very High Concern comprises **247 substances**.

Our sub-suppliers have been contractually advised by us of compliance in connection with REACH.

SVHC substances:

On 27.06.2018, lead (CAS No. 7439-92-1) was added to the ECHA candidate list.

Lead is currently still contained in many individual parts of our product range as an alloy component.

The use of these products is still approved and safe. Safety documentation is not required.

* "Products" - According to REACH, this also includes packaging, operating instructions and everything else supplied.

Standard for assessment is DIN EN IEC 63000.

Detailed information on SVHC's contained is available on request.
