

Item description/product images

Description

Material:

Steel or stainless steel 1.4301.

Version:

Electro zinc-plated, thick-film passivated and sealed with Top Coat.
Stainless steel bright.

Note:

Latches with draw bail for securing and locking hatches, container lids, machine cladding etc. By exceeding the dead centre they resist vibration.
The locking force is applied by drawing on the bail.

The latches can be screwed down or riveted. We recommend using countersunk screws for fastening the components.

Order catch plates separately.
